

Study Buddy

Study, don’t do it alone, do it on Study Buddy with others!

Team DTC 13 (Raman, Shinyoung, Kiana)

Project Theme

- Help community of students
- Enhance productivity

Problem

Current Situation of the Student

- Managing their study time effectively
- Staying Motivated at Home

Solution

Help students by providing study tools to

- Log study hours 👉 keep track of their study
- Review daily statistics 👉 plan their study schedules better
- Join a study group 👉 stay motivated and study together

User persona

[1]

Name: Maria

Description:

- College student
- Work part-time at a coffee shop
- Study at home

Needs:

- Need to manage time to balance study and work
- Need to stay motivated when studying at home

User story

- As a busy student, I want to see how much time I studied so that I can better manage my time.
- As a dedicated student, I want to see my study insights so that I can track my progress toward my goals
- As a student studying at home, I want to study in groups so that I can stay motivated and learn from others

Database design

Structure 1: Subject-Centric Example

```
subjects (collection)
  |
  └── auto_generated_subject_id (document)
       |-- name: "COMP1800"
       |-- color: "#FF0000"
       |-- created_by: "maria@email.com"
       |
       └── daily_logs (subcollection)
            |
            └── auto_generated_log_id (document)
                 |-- date: September 6, 2024 at 12:00:00 AM UTC-7
                 |-- total_time: 2263
                 |
                 └── timelines (subcollection)
                      |
                      └── auto_generated_timeline_id (document)
                           |-- start: September 6, 2024 at 4:23:00 AM UTC-7
                           |-- end: September 6, 2024 at 5:07:00 AM UTC-7
```

Structure 2: Day-Centric Example

```
days (collection)
  |
  └── auto_generated_day_id (document)
       |-- date: September 6, 2024 at 12:00:00 AM UTC-7
       |-- total_time: 2263
       |-- created_by: "maria@email.com"
       |
       └── studied_subjects (subcollection)
            |
            └── auto_generated_subject_id (document)
                 |-- name: "COMP1800"
                 |-- total_time: 2263
                 |
                 └── timelines (subcollection)
                      |
                      └── auto_generated_timeline_id (document)
                           |-- start: September 6, 2024 at 4:23:00 AM UTC-7
                           |-- end: September 6, 2024 at 5:07:00 AM UTC-7
```
